

Resilience and Hybrid Security Threats

Dr. Matthew Rhodes
20 September 2018

2016: Year of Resilience

- EU Global Strategy
- NATO Warsaw Summit
- Implementation of NATO-EU Joint Declaration
- German Defense White Paper
- US NIC *Global Trends*

2017

- US NSS: “Promote American Resilience”

Resilience

- “the ability of a system to respond positively to disturbance”

- Tim Prior, “NATO: Pushing Boundaries for Resilience,” *CSS Analyses*, Sept. 2017

Resilience and Security: US Experience

- Bush
 - Terrorism
- Obama
 - Finance/Economy
 - Climate
 - Hybrid Warfare

NATO Baseline Requirements for National Resilience

- Continuity of Government
- Energy
- Uncontrolled Movement of People
- Food and Water
- Mass Casualties
- Civil Communications
- Transport Systems

NATO-EU Cooperation

- Information-Sharing
- Strategic Communication
- Partner Capacity Building

Questions/Critiques

- Meaningful?
- Desirable?
- Achievable?

Conclusions

- Spectrum of Utility
- Implementation: Realism, Clarity, and Persistence
